SUMMARY

Full-Stack MERN Developer creating responsive UIs and efficient APIs. Passionate about performance, problem-solving, and delivering production-ready features.

PROJECTS

Real-Time Scalable Chat Application

[Link to Demo](#)

- Built a full-stack MERN chat platform supporting real-time one-on-one messaging.
- Implemented file sharing, user authentication, and profile management.
- Integrated Cloudinary for secure media uploads and optimized file handling.
- Added advanced message actions including copy, edit, delete, forward, and emoji reactions.
- Implemented typing indicators, online/offline status, and smooth client synchronization.
